TAARIFA KWA UMMA

UTOAJI WA CHANJO YA UVIKO-19 KATIKA MIKOA YOTE NCHINI

Serikali kupitia Wizara ya Afya, Maendeleo ya Jamii, Jinsia, Wazee na Watoto imeanza kufanya usambazaji wa chanjo za UVIKO-19 katika mikoa yote hapa nchini. Ugawaji wa chanjo umezingatia taarifa ya visa vya wagonjwa waliohisiwa kuwa na UVIKO-19, idadi ya walengwa kwa kundi la kipaumbele pamoja na idadi ya chanjo zilizopatikana kwa sasa. Aidha, Serikali kupitia mamlaka ya dawa na vifaa tiba (TMDA), Maabara ya Mkemia Mkuu, Maabara kuu ya Taifa na Vyombo vingine, vyote vimehakiki na kujiridhisha usalama na ubora wa hizi chanjo za Janssen kutoka Kampuni ya Johnson & Johnson nchini Marekani.

Kutokana na Mwongozo wa Chanjo wa Taifa dhidi ya Ugonjwa wa UVIKO, ule Shirika la Afya Duniani (WHO), maelekezo ya COVAX FACILITY na upungufu wa uzalishaji wa chanjo toka viwandani, Chanjo hizi **KWA SASA** zinatolewa kwa kufuata vipaumbele vya makundi yenye uhitaji mkubwa ambayo ni **(1) Watumishi wa sekta ya Afya, (2) watu wazima umri wa miaka 50 na kuendelea na (3) watu wenye magonjwa**. Kama ambavyo Serikali imekuwa ikieleza, uchanjaji kwa makundi yote nchini **ni wa hiari au huru kwa kila mwananchi**. Kwa kuwa chanjo zilizopokelewa kwa sasa hazitoshelezi walengwa wa makundi yote nchini, makundi mengine yatakata chanjo katika awamu inayofuata, mara zitakapowasili.

Serikali inategemea kutoa chanjo kwa makundi yanayolengwa kuanzia **tarehe 3 Agosti 2021**, siku ya Jumanne, katika vituo 550 vya kutolea huduma katika mikoa yote ya Tanzania bara. Orodha ya vituo hivyo inapatikana pia katika tovuti ya wizara; www.moh.go.tz. Wananchi wote walengwa, wanaotaka kuchanjwa kwa hiari yao, wanatakiwa kufanya mambo yatuatayo;

1. Kujihakiki kama wapo ndani ya makundi matatu (3) ya walengwa kwa sasa.
2. Kuandaa kitambulisho cha Kazi, NIDA, Leseni ya Udereva, Mpiga kura, Pasi ya Kusafiria au kitambulisho chochote kinachotambulika kisheria.

3. Kufanya “booking” ya siku ya kuchanjwa kwa kutumia mtandao ndani ya simu /Computer (online) yako kupitia <https://chanjocovid.moh.go.tz> au kwa kwenda moja kwa moja kwenye kituo na **kujisajili kuanzia Jumatatu tarehe 2 Agosti 2021**
4. Kujaza fomu ya uhiari wa kuchanjwa,

Wizara inaagiza Waganga Wakuu wa Mikoa na Wilaya nchini, kukamilisha matayarisho yote muhimu kwa utoaji wa chanjo, ili ifikapo tarehe **03 Agosti 2021**, utoaji wa chanjo uwe umeanza katika vituo vilivyoainishwa katika mikoa. Kutokana na uhitaji na mipangilio ya Mkoa husika, wanaweza kuongeza idadi ya vituo ili kupunguza msongamano katika vituo. Aidha, katika zoezi hili, wananchi, watasajiliwa katika mfumo wetu wa Taifa wa Chanjo na watapatiwa cheti baada ya kuchanjwa. Naelekeza pia kwa huu mgao wa COVAX FACILITY ni **marufuku Hospitali yoyote (ya umma au binafsi) kulipisha Wananchi gharama yoyote** katika zoezi hili la chanjo na lifanyike kwa uadilifu na kwa haki kwa walengwa wa sasa.

Pamoja na Serikali ya awamu ya Sita chini ya Mhe. Samia Suluhu Hassan, Rais wa Jamhuri wa Muungano wa Tanzania, kufanikisha upatikanaji wa chanjo nchini na kuanza kuchanja Wananchi, Wizara ya afya inaendelea kuwashauri Wananchi kuendelea kujikinga na UVIKO-19 kwa kunawa mikono, kuvaa barakoa, kukaa umbali za mita moja au zaidi, kuepuka misongamano na kufanya mazoezi.

Mwisho, napenda kurudia tena kuishukuru Serikali yetu ya Mhe. Rais Samia Suluhu Hassan na serikali ya Marekani, kwa kufanikisha upatikanaji wa chanjo hizi ambazo zimepitia kwenye mpango huo wa COVAX. Pia nawashukuru wadau wetu wote wa chanjo kwa michango yenu mikubwa katika kufanikisha upatikanaji wa chanjo. Aidha Serikali inawapongeza sana Viongozi wetu na Wananchi ambao tayari wameitikia zoezi la kuchajwa kwa hiari.

Imetolewa na

Prof. Abel N. Makubi
KATIBU MKUU (AFYA)

Dar es Salaam, 30 Julai 2021

Approximate English translation:

PUBLIC NOTICE GIVEN VACCINATION-19 VACCINATION IN ALL REGIONS IN THE COUNTRY

The government through the Ministry of Health, Community Development, Gender, Elderly and Children has started distributing UVIKO-19 vaccines in all regions of the country.

Vaccination allocation was based on the reported cases of patients diagnosed with UVIKO-19, the number of beneficiaries for the priority group as well as the number of vaccines currently available. In addition, the Government through the Medicines and Medical Equipment Authority (TMDA), the Chief Chemist's Laboratory, the National Central Laboratory and other entities, have all verified and satisfied the safety and quality of these Janssen vaccines from Johnson & Johnson Company in the United States.

Due to the National Vaccine Guidelines for the Vaccine, the World Health Organization (WHO), the guidelines for COVAX FACILITY and the lack of industrial vaccine production, these vaccines are CURRENTLY issued in accordance with the priorities of the most vulnerable groups which are

- (1) Health sector employees,
- (2) adults 50 years of age and above and
- (3) people with diseases.

As the Government has pointed out, vaccination for all groups in the country is voluntary or free for every citizen. Since the currently received vaccines do not cover the target groups of all groups in the country, other groups will be vaccinated in the next phase, once they arrive.

The government is expected to provide vaccinations to targeted groups from 3 August 2021, on Tuesday, at 550 service delivery centers in all regions of Mainland Tanzania.

A list of such facilities is also available on the ministry's website; www.moh.go.tz

All targeted citizens, who want to be vaccinated voluntarily, are required to do the following;

- a. Check if they are in the current three (3) target groups.
- b. Preparing a Job ID, NIDA, Driver's License, Voter, Passport or any other legally recognized ID.
- c. Booking the vaccination day using your internet / Computer (online) via <https://chanjocovid.moh.go.tz> or by going directly to the center and registering from Monday 2 August 2021
- d. Fill in the form of voluntary vaccination,

The Ministry instructs the Chief Regional and District Physicians in the country, to complete all necessary preparations for vaccination, so that by 03 August 2021, immunization will have started at the centers identified in the regions. Due to the need and arrangements of the respective Region, they can increase the number of stations to reduce congestion in facilities.

In addition, in this exercise, citizens, will be registered in our National Immunization System and will be issued with a certificate after vaccination. I also urge that this COVAX FACILITY allocation is prohibited from any hospital (public or private) charging the public any cost in this vaccination exercise and it should be done fairly and fairly to the current beneficiaries.

With the Sixth Phase Government under Hon. Samia Suluhu Hassan, President of the United Republic of Tanzania, to achieve vaccination in the country and start vaccinating citizens, the Ministry of Health continues to advise citizens to continue to protect themselves from UVIKO-19 by washing their hands, wearing masks, staying a distance of one meter or more, avoiding congestion and exercise.

Finally, I would like to once again thank our Government of Hon. President Samia Suluhu Hassan and the US government, in facilitating access to these vaccines that have gone through the COVAX program. I also thank all our immunization stakeholders for your significant contributions to achieving access to the vaccine.

In addition, the Government congratulates our Leaders and Citizens who have already responded to the voluntary charging exercise.

Issued by: Prof. Abel N. Makubi, GENERAL SECRETARY (HEALTH) Dar es Salaam, 30 July 2021
