TRENDS OF CORONA DISEASE (COVID-19)

Dar es Salaam, Friday, April 10, 2020

The Ministry is providing information on the presence of five new patients (5) of Corona (COVID-19th) who are all Tanzanians and are residents of Dar Es Salaam as follows:

1. A man aged 68;
2. A man aged 54;
3. A man aged 57;
4. A man aged 41; and
5. A woman aged 35.

Also today, the Health Minister of Zanzibar has declared the presence of two new patients (2) confirmed to have Corona (COVID-19th). So now, the total population confirmed to have COVID-19th infection is 32. Of these five (5) have recovered and 24 other patients are undergoing good treatment.

Also, we are sad to report two deaths (2) today among the patients being confirmed Corona (COVID19) casses in the country;

1. a 51-year-old resident of Dar es Salaam, whom we reported on 08/04/2020; and the other is
2. A 57-year-old resident of Dar es Salaam, we have reported above.

Thus, the number of deaths has reached three (3) since the disease was reported in the country.

Again the government continues to insist that citizens take care of the disease as we provide information and education regularly through various ways.
