

THE UNITED REPUBLIC OF TANZANIA

MINISTRY OF HEALTH, COMMUNITY DEVELOPMENT, GENDER, ELDERLY AND CHILDREN

GUIDELINES FOR MANDATORY QUARANTINE OF TRAVELLERS ENTERING THE COUNTRY THROUGH AIRPORTS, PORTS AND GROUND CROSSINGS

Version 1

Effective Date: 24th March 2020

1. Preliminary Requirements for Mandatory Quarantine

I. Quarantine team at Point of Entry (PoE):

- **Composition:** State Security, Police, Port Health, Airport /Border/Port Security, Customs and Immigration
- Appointed by head of the PoE (Airport Director, Port Manager, Lead Agency).
- **Responsibilities:**
 - Ensure a list of authorized hotels/hostels/lodges as obtained from the region and districts with their status and cost is available and displayed at the PoE
 - Supervise compliance to mandatory quarantine
 - Coordinate boarding of travellers to designated transport facilities at PoE
 - Designate a Parking location and waive the parking fees.
 - Label buses with their specific hotels' names and status.
 - Prepare Public Address (PA) system for communication with travellers.

II. Regional quarantine team

- **Composition:** RC, RAS, RSO, RPC, RIO, RMO, RHO, TPDF, Regional Social Welfare Officer and any Officer as deemed necessary by the RC
- **Responsibility**
 - Follow up and address challenges with regards to compliance to quarantine

III. Council quarantine team

- **Composition:** DC, DED, DIO, DSO, OCD, TPDF, District Social Welfare Officer and any Officer as deemed necessary by DC
- **Responsibilities:**
 - Ensure that a list authorized hotels/hostels/lodges with their status and cost is available and displayed at PoE (these should be identified by local government authorities)
 - Criteria for selection of resident facility (Annex 1)
 - Designate special transport facilities and observe IPC at all times (using hotel transport facility or identified means of transport)
 - Appoint a team of Surveillance Officers based on the number of occupants in a hotel for follow up and keeping daily records.
 - Appoint a decontamination team (on standby)
 - Identify Hotel Staff and orient on IPC precautions for COVID-19
 - Assign security guards for each hotel/accommodation to ensure compliance to quarantine measures
 - Ensure that appointed hotels are temporarily prohibited to receive other customers apart from the assigned travellers from the date it start receiving the travellers.
 - Provide emergency numbers **199 and 0800110125** to travellers.
 - Endure that the District IPC team regularly monitors IPC practices at designated hotels at all times.
 - Ensure availability of Infrared non-contact thermometer for follow up.

2. Procedures at the Points of Entry

- a. All travellers from most affected Countries with COVID 19 shall be quarantined at the first International Point of Entry (Annex 2)
- b. All travellers should dully fill-in the surveillance form, preferably while on board the vessel or a Traveller Register and submit to Port Health Officers
- c. Port Health Officers should scan the initial temperature and record to the surveillance form and take necessary actions for those displaying symptoms consistent to COVID-19.
- d. A traveller will be free to opt for their accommodation preferences based on the list provided.
- e. All travellers will be transported using designated transport modality to the designated hotels/accommodation, under Police escort.
- f. Travellers are allowed to monitor their temperatures using their own digital thermometers for self-daily temperature monitoring or be scanned by the authorities

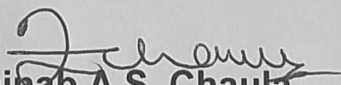

3. Procedures at Hotels and Accommodation Facilities

- a. Upon arrival, all travellers should sanitize their hands with either alcohol-based sanitizers or 0.05% chlorine solution.
- b. Hotel/accommodation Attendant who will be in gloved hands should register all travellers and assign them to self-contained rooms.
- c. Travellers should be educated to practice Infection Prevention and Control measures during the quarantine period.
- d. Food will be delivered at own cost by a dedicated caterer and placed at the door after knocking
- e. More directives will be provided for maintaining social distancing as dictated by circumstances.
- f. All travellers will be required to wash their belongings themselves during the 14 days follow up period.
- g. Outsiders will be prohibited from visiting the travellers throughout the quarantine period.
- h. Travellers in quarantine who develop symptoms will have appropriate samples taken for laboratory investigations

4. Discharge of Travellers

- a. All travellers will be discharged after completion of 14 days of follow up counted from the day the traveller entered the country.
- b. They will be provided with official clearance forms which may be used to check-in in other hotels or further traveling (Annex 3)
- c. Rooms used by travellers after discharge should be decontaminated before admitting other travellers.

Nb: These procedures will be modified in accordance with the evolution of the disease and as conditions dictate following the Travel Advisory Note No. 1 of 23rd March, 2020 issued by Minister for Health, Community Development, Gender, elder and children.

Dr. Zainab A.S. Chaula

PERMANENT SECRETARY

**MINISTRY OF HEALTH, COMMUNITY DEVELOPMENT, GENDER, ELDERLY AND
