MISSION
UWC East Africa makes education a force to unite people, nations and cultures for peace and a sustainable future. We are committed to developing balanced global citizens who are empowered to act responsibly in a complex world.

VALUES
UWC East Africa is a member of the UWC movement. We live and learn together as part of a community that values:
1. A safe, collaborative and caring community.
2. A sense of belonging, acceptance and tolerance.
3. A holistic and diverse portfolio of learning experiences.
4. An education in a global context that promotes an appreciation and understanding of multiple perspectives and interdependence of individuals, societies and environments.
5. Innovation over perfection within a supportive community where learners are motivated to embrace personal challenge and reflection.
6. The ambition of students to demonstrate initiative and take on leadership roles.
7. Opportunities to engage with the culture and nature of East Africa.
8. A shared responsibility and a collective duty of care for ourselves, each other and the environment.
9. A healthy lifestyle and active pursuits.
10. The happiness and well-being of our community.

ONE SCHOOL TWO CAMPUSES
We are a UWC school with two campuses; one based in Moshi at the base of Kilimanjaro and the other in Arusha at the base of Mount Meru. Many students will summit either one or both of these spectacular mountains by the time they leave our school. Our experiential learning program is also time for students from both campuses to work together.

SCHOOL HISTORY
UWC East Africa builds on the legacy of the International School of Moshi, founded more than 50 years ago and the first school in Africa to offer the IB. We are an IB World school offering the Primary Years (PYP), Middle Years (MYP) and Diploma programmes (DP) on both campuses to students ages 3-20. Our community is made up of a mix of boarding and day students, Tanzanian nationals and expatriates. Our expatriate families are largely drawn from the development community, United Nations, missionary organisations and the business community. At Diploma level there is an additional intake through UWC channels.

RESIDENTIAL LIFE
UWC East Africa is a mix of residential and day students. The Moshi campus has boarding for PYP and MYP students as well as DP. On the Arusha Campus, boarding is only available to students at the DP level.

MISSION IN ACTION
Local Service
Students are committed to connecting and contributing to the local East African Community. Students engage with the local community through weekly, semester, and year-long service projects that students design and organise themselves. Recent projects have included teaching local school girls to sew and make reusable sanitary napkins, volunteering at hospitals or reading with children at a local rehabilitation centre. Students also work with organisations such as Rotary Interact, raising donations of shoes for over 300 local school children.

Young Aurora
Created in 2017, the Aurora Humanitarian Initiative partnered UWC International to encourage, support, and showcase student-driven projects which address concrete humanitarian issues and offer solutions through innovative and sustainable approaches. Winners receive $4000 to fund the projects. UWC East Africa won Young Aurora in 2019 and 2020 and are finalists for 2021. As such internal competition to represent the school is fierce. Student work in teams, identify local issues, and design sustainable interventions. Previous winners included a smokeless kitchen design and a chili pepper/beehive fence to stop elephants from trampling a local village.

Due to the climate and outdoor lifestyle prevalent in Tanzania our student participate in organised and extramural sports throughout the year. UWCEA competes in the Northern Tanzanian Schools Athletic Associations. Popular sports include soccer, rugby, volleyball, basketball, athletics, swimming, field hockey, cricket.

**EXPERIENTIAL LEARNING**
Students at UWC East Africa are strongly encouraged to get out and explore the amazing landscape and opportunities offered. Experiential learning has five levels in each of the four domains of exploration: Reefs, Plains, Peaks and Rides.

**CAS AND CO CURRICULAR ACTIVITIES**
Within the CAS program diploma students develop their own Self Initiated Projects where younger students may also participate. There are a large variety of activities on campus from set design to computer programming, coaching sports, and sharing cultural traditions of dance or crafts. Students also work with local NGOS, missionary organisations and Rotary to contribute to local service programmes.
